Photographs, line drawings and photometric data are representative only. For specific product detail please select an individual product.

Material/Finish

Body: high purity bright anodised aluminium reflector
 Bracket: stainless steel easy downlight removal system
 Top frame: high temperature thermoplastic
 Ceiling ring: heavy gauge pressed steel powder coated white with welded copper bolts
 Diffuser: 4.5mm stippled polycarbonate

Installation/Mounting

Diffuser and ceiling ring are mounted permanently with 3 nuts and bolts from the top. Luminaire and lamps are accessible only from the top on a key hole twist and lock flange base.
