

Madison Wall/Bollard

	TC-TEL (FSM)	GX24q-3	26W
	HME (QE)	E27	50W
	HIT-CE (MT)	G12	35W
AS/NZS 60598			
Class II Electrical - Bollard			
Class I Electrical - Wall			
20 Nm Impact resistant			

Slim and elegant bollard and wall light, complementing the Madison lantern and column range

- Variety of lamp types
- Luminaire head takes on floating appearance when lit
- Two sizes of bollard. Larger version ideal where extra height is desired, but where there are restrictions, for example lower tree branches

Materials/Finish

Lantern: aluminium, powder coated textured silver on outside, white on inside.
Hemispherical globe: clear, shock resistant polycarbonate.
Lamp enclosure: opal acrylic at sides with sand blasted refractor glass in the top.
Socket and lock ring: cast aluminium, powder-coated silver.
Bollard: aluminium, powder coated textured anthracite.
Wall bracket: cast aluminium, powder coated textured silver.

Installation/Mounting

Bollard: Conical 1.2m or 1.8m bollard containing control gear. Can be root or surface flange mounted.
Wall: Bracket fixes directly to wall, control gear mounted in wall arm.

Specification

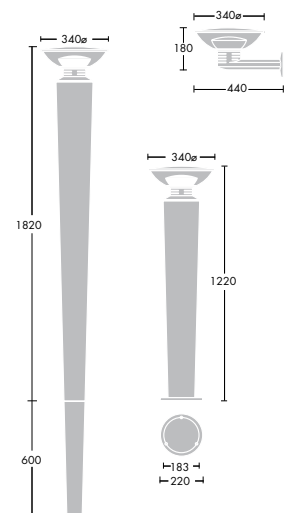

To specify state:
Elegant 340mm diameter 1200mm/1800mm conical bollard in cast aluminium for indirect lighting. IP54.
As Thorn Madison Bollard Wall mounted luminaire in cast aluminium for indirect lighting. IP54.
