LIGHTING

# CHAMPION PRO G3

DESIGNED FOR SPORTS AND AREA LIGHTING

# DESIGNED FOR AUSTRALIAN AND NEW ZEALAND REQUIREMENTS

True to its name, the new Champion Pro G3 floodlight sets the standard for superior quality optics offering low light pollution and excellent spill light control with project flexibility. It is an ideal choice for a wide range of new and existing installations in sports and other areas.

Recreational sports

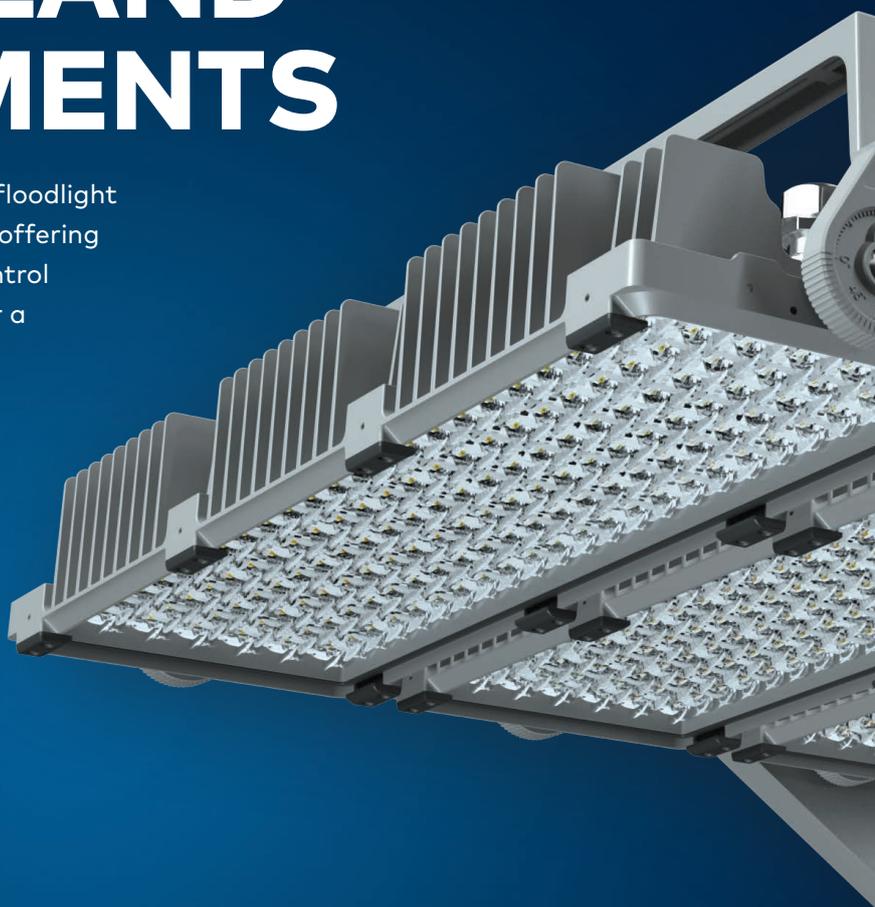

Multi-sports halls

Apron spaces

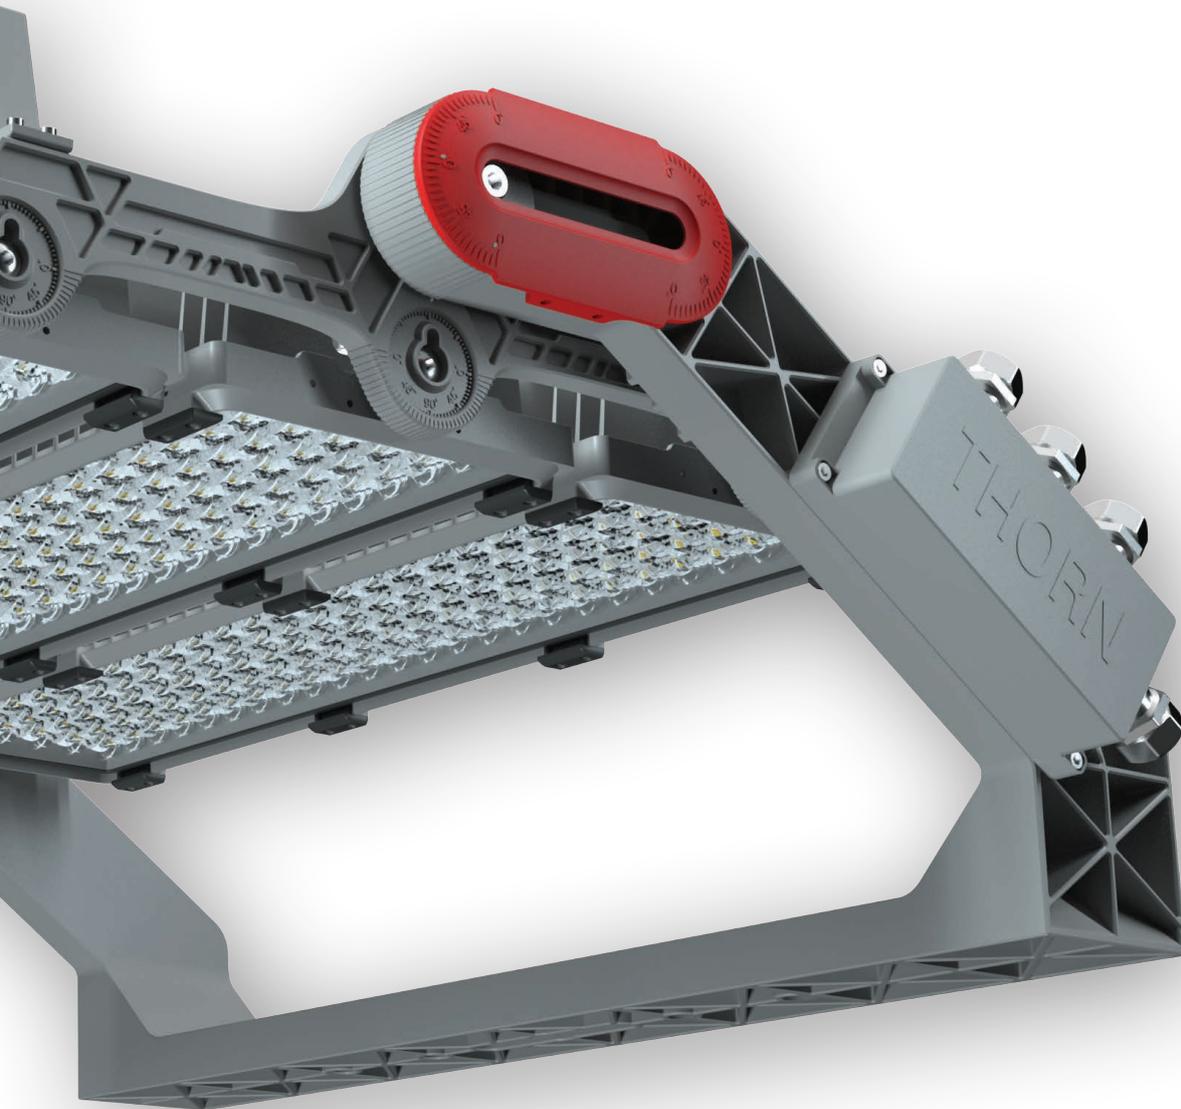

Transportation & industrial areas

# LIGHTING PROJECT FLEXIBILITY

Installation lighting requirements are dependent on the sport and the competitive level. The higher the level of competition, the greater the requirements. Designed for flexibility, Champion Pro G3 covers a broad range of sports lighting needs.

# KEEPING LIGHT POLLUTION TO A MINIMUM

Champion Pro G3 Asymmetrical floodlight features 3 different variations of peak intensities requiring very low tilts and thus maintaining low levels of upward waste light making it exceptional for most sports grounds and arenas. In addition there are options where masks and a visor are available as an accessory for the projects where obtrusive lighting is very critical and difficult to achieve, resulting in coverage of most applications.

# DISCOVER CHAMPION PRO G3

- ✓ High power LED floodlight for area and sports lighting applications with single, double or triple module configuration
- ✓ Excellent thermal management ensures a lifespan up to 50,000 hours
- ✓ Excellent control of light distribution - asymmetrical (A60, A45, A15) - limits obtrusive light
- ✓ Provided with Conduit Protection (CP) for bird resistant requirements
- ✓ A single cable is required for the connection between fitting and control gear
- ✓ Modular floodlighting system to fit for different scale of projects, it is the ideal choice for a wide range of new and existing installations
- ✓ Body, frame and stirrup: die-cast aluminum, powder coated silver grey (RAL 9007), suitable for coastal installation
- ✓ Glass: 5mm toughened
- ✓ Screws: stainless steel
- ✓ Stirrup fixed by a single M20 bolt or two M14 bolts
- ✓ Suitable for over and under slinging installation
- ✓ DALI Gear box or Gear Tray (240V-415V) is installed remotely and supplied separately.

To specify state: High performance LED luminaire specifically designed for illumination of sports and large area applications. A reliable and versatile system with futureproof design to minimise the maintenance cost. Effective thermal management with a range of precise optics deliver high quality of light that can fully cater to the most complex sports and areas of lighting applications. As Thorn Champion Pro G3
