

Sustain Pro

Next generation of Sustain family is an office luminaire features intelligent characteristics in key areas as optic, control and flexibility

- **Optics:** Innovative multiple layer microprismatic film optic offers excellent uniformity and glare control, the clever optics enhance illuminance on faces and walls to encourage a comfortable and communicative working environment.
- **Controls:** Our remote gear design allows you to create flexible control systems suited to your needs. Wireless solution controlled via App with Bluetooth® 4.x - basicDim Wireless. Also available are integrated PIR and microwave sensors.
- **Flexibility:** A new slim body design that allows greater variation to output, control integration, performance and overall aesthetics.

Photographs, line drawings and photometric data are representative only. For specific product detail please select an individual product.

96651264

Material/Finish

Frame and end caps: polycarbonate
 Diffuser: polycarbonate multiple layer microprismatic film optic.
 Body: highly reflective steel coffer and aluminium designed heatsink

Installation/Mounting

Suitable for lay in ceilings, with accessory suitable for surface mounting or plasterboard installations.
